

# Storm 2 - August

Dunn and Miller noted a minimal tropical cyclone (winds between 74 and 100 mph) in the Carolinas in August, 1822. The storm was centered off the coast. (Dunn and Miller 1964)

50 0 50 100 Miles

A scale bar with four segments. The first segment is labeled '50', the second '0', the third '50', and the fourth '100'. The word 'Miles' is at the end of the bar. The segments are black and white alternating.
