

This is to certify that the *Sustainable Green Team* at...

Tuesday, June 6, 2023

Florida State University

...have contributed **7 surplus printer cartridges** which were saved from landfill for *reuse* through the **cartridgeforest** printer cartridge upcycling service instead of just being recycled.

As a result **14 trees** will be planted in their honor with our tree-planting charity partner **Trees for the Future** — saving an estimated **2.52 tons of CO₂** from our atmosphere and improving the lives of farmers in developing countries.

Great thanks from *The Green Team* at...
