

**SUBSTITUTE ASSIGNMENT #24**  
**Due Wednesday, April 2**

If you had a little trouble with the transposing instruments on Assignment #24, here's an opportunity to raise your grade by showing that you've now mastered the material. On the bottom of the page, a chorale phrase is notated in a condensed score at concert (sounding) pitch. Create a transposed score for yet another unusual quartet, as indicated. Write the appropriate key signature for each instrument (as well as the meter signature), then transpose each line as needed. Don't forget to consider the octave. Please turn in this page along with your original worksheet.

E $\flat$  Clarinet

Trumpet in D

Horn in E

B $\flat$  Tenor  
Saxophone
